# COMPANY

## YOUR BRANCH OFFICE BASE IN ASIA

Found in 1995, We are professional in the complete assembly of bicycles and accessories finishing the design. We have our patents items for accessories. We are equipped with product design, graphic design, photography and marketing. We offer services of OEM / ODM / OBM to existing brands, new brands and cross-industry. We can do customized spec bikes and parts orders. We are glad to cooperate with people from different fields. We want to create a variety of brands and bicycles cross-border cooperation platform to expand the limitless possibility of bicycles.

## BEST SOURCING AGENT IN ASIA

We have a professional team of global trade and purchasing, to seek cost-performance ratio (high quality and reasonable price) products in Asia. We also pay close attention to quality control for each item. In addition, we also have the export business advantage in Taiwan to ensure that every customer gets the best products at the best price.

## ONE-STOP SHOPPING

If you are still worried about import too many items and too many quantities then don't forget to think about us. We'll offer hundreds of items in stock that can make your business easier and faster. If you feel a headache about facing hundreds of suppliers then thinks/thought about us. We'll check all the details and offer you each factory report. Contact us right now you'll know we are the best supplier for accessories that you are looking for. We have its factory with all kinds of machinery and warehouse providing more than 6000 m2 of space.

## THE MOST COMPLETE SUPPLY CHAIN

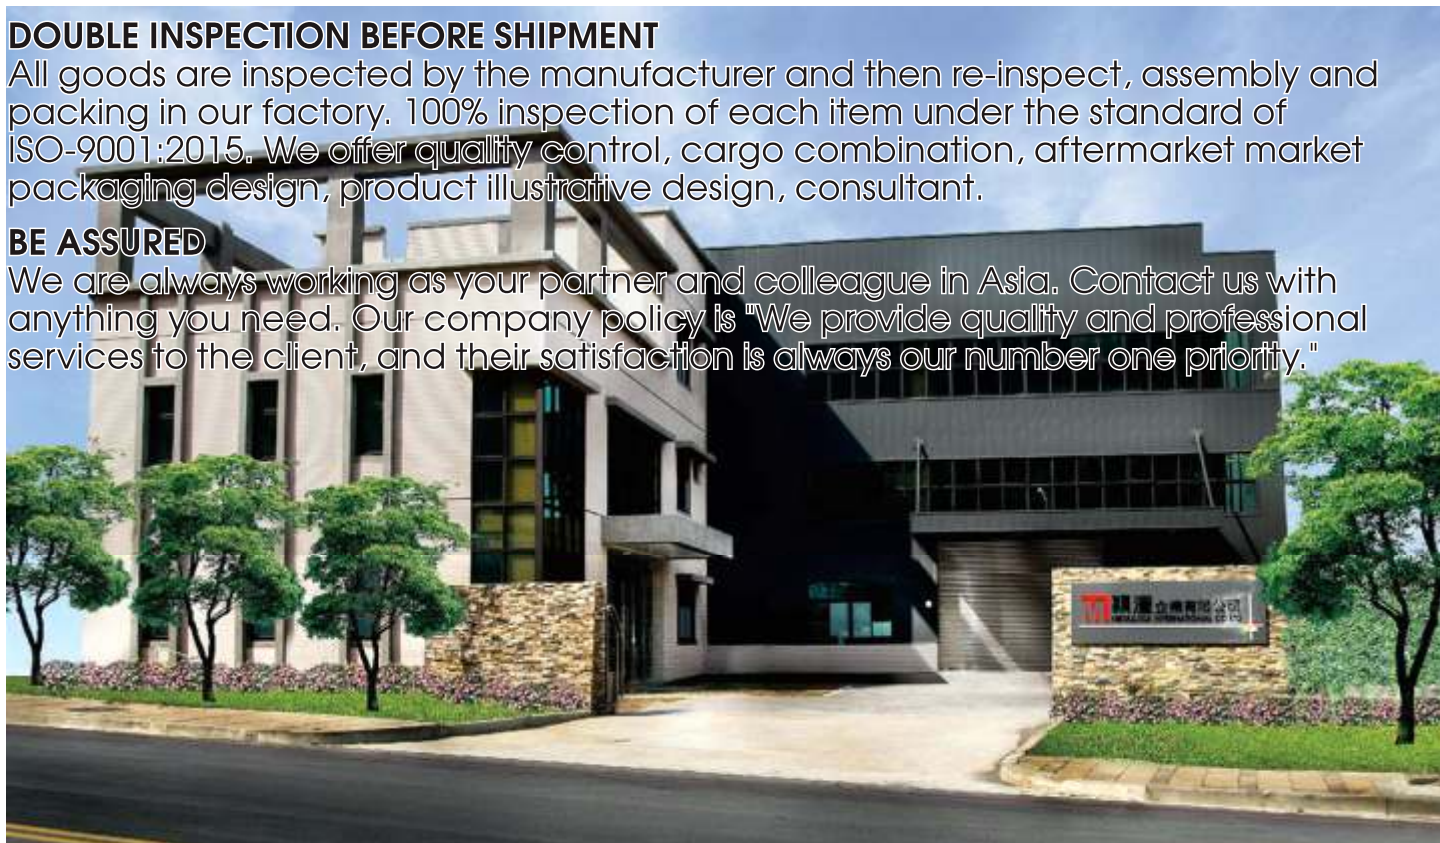

We are always proud of, "MADE IN TAIWAN" and supply high-quality merchandise! We have a full supply chain of products including painting (coating), electroplating plant, assembly plant and parts manufacturing, etc. We are also qualified for/ as a factory inspection of Oxford Industries, Inc in 2005, so that partners may have the highest quality of bicycle parts and assembly services.

## DOUBLE INSPECTION BEFORE SHIPMENT

All goods are inspected by the manufacturer and then re-inspect, assembly and packing in our factory. 100% inspection of each item under the standard of ISO-9001:2015. We offer quality control, cargo combination, aftermarket market packaging design, product illustrative design, consultant.

## BE ASSURED

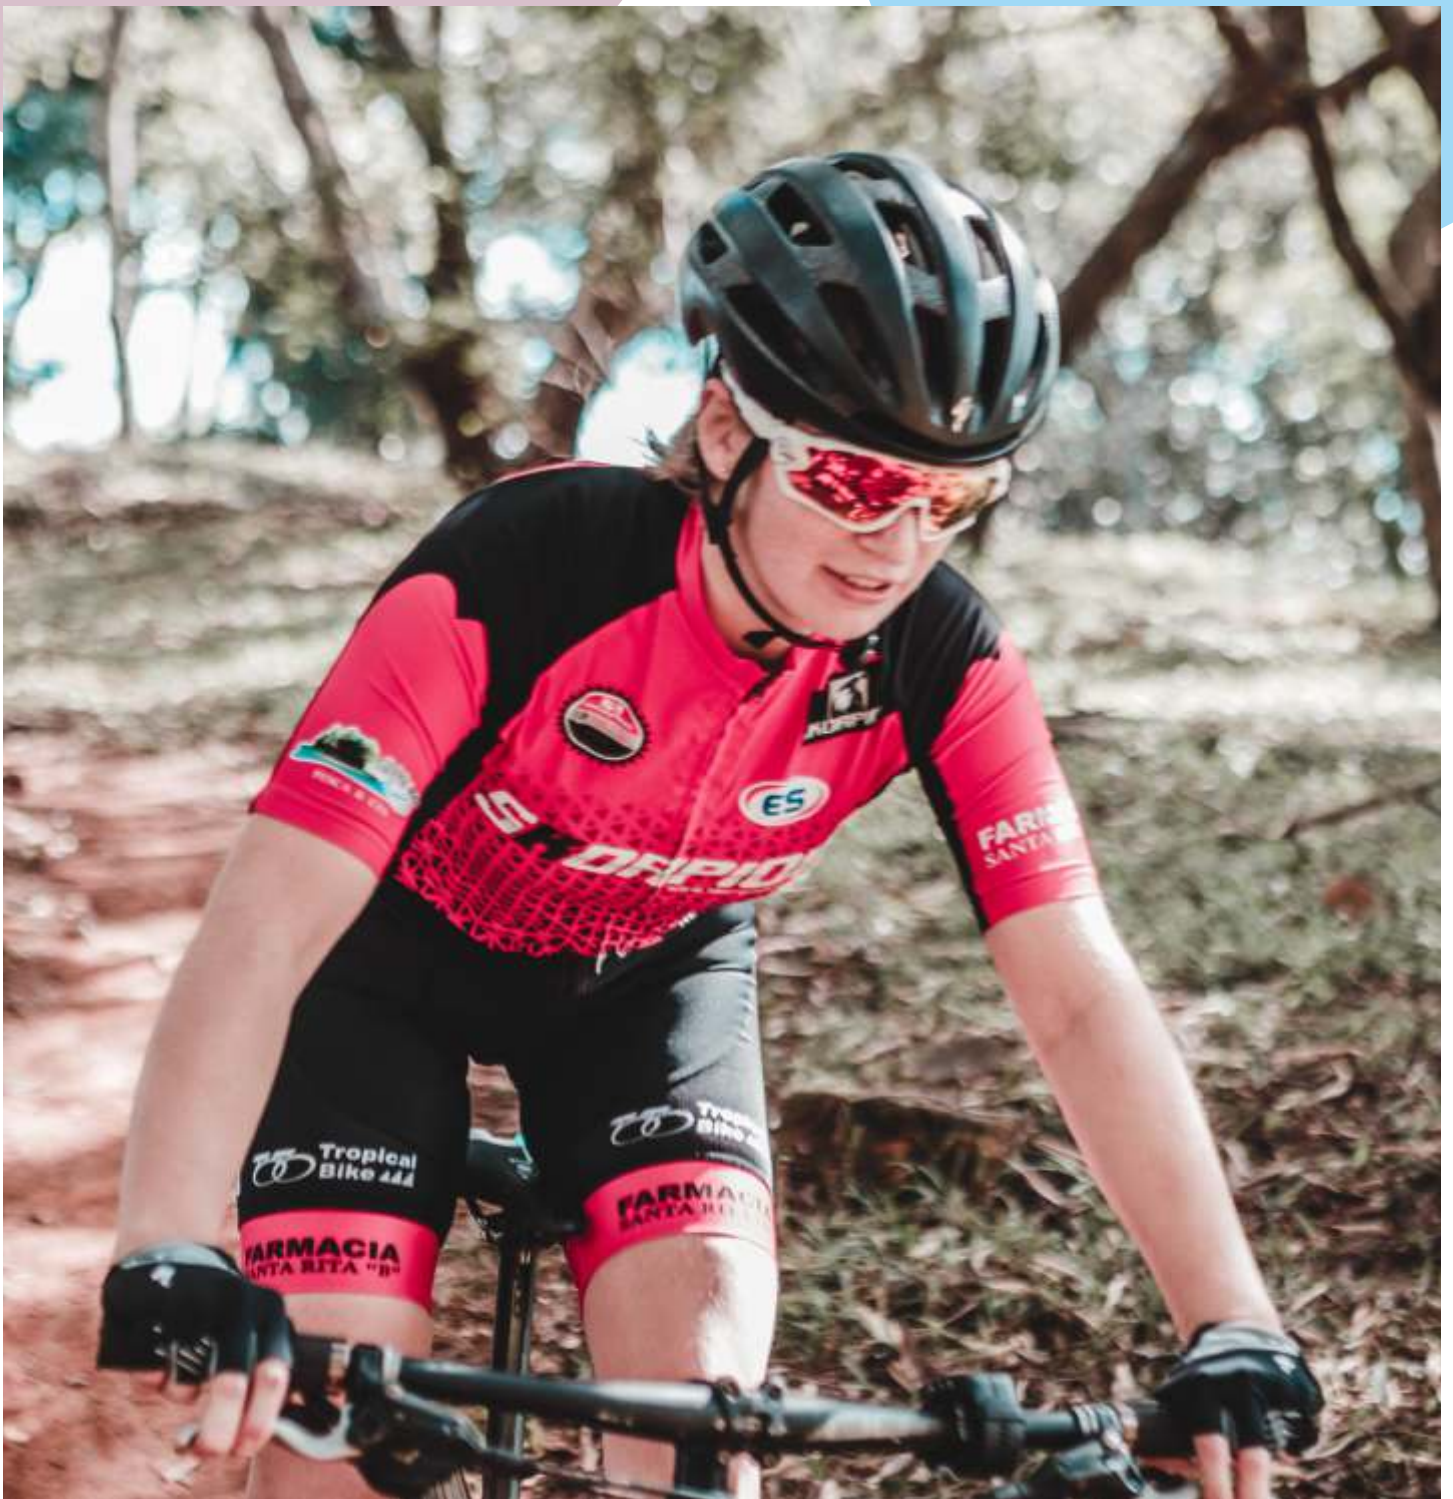

We are always working as your partner and colleague in Asia. Contact us with anything you need. Our company policy is "We provide quality and professional services to the client, and their satisfaction is always our number one priority."

# BRAND

When you ride what's on your mind? Feeling the wind pass your face and the beads of perspiration on your face been drying in the wind. Your mind is clear and empty just like a newborn baby. The only thing that can fit you is pure and clean. You are thinking to help and protect your environment "Earth". All we need to do is keeping these pure and clean beside us. The more you care the more you got just like your families.

SKORPION care for your needs as you do for our earth. We are always beside you.
